Providing a seven-step system of exercises and rituals to help the reader achieve higher levels of consciousness, Jean-Louis de Biasi also includes tips and techniques for working with sacred texts, information about the five temples of the human being, The Great Work, the three cosmic rituals, and the real planetary days. MAGICK IS REAL Once you see that reality is yours to shape, its time to turn off the TV, put your boots on, get off the couch, and go change the world. What is this Book? A compendium of three occult texts: Post-Modern Magick - An eclectic and deconstructionist non-system of reality shaping, self-initiation and exploration based on personal relevance and free form magick. Blood Magick - A synthesis of ancient tradition and contemporary innovations designed for both the discerning adept seeking to

incorporate blood into existing disciplines and beginning practitioners taking their first steps into the occult world. Tactical Magick - A patchwork system of pop-culture sorcery, techno-alchemy, and hermetic street magick. An approach based on learning from the plight of those less fortunate and building upon their techniques to create an eclectic grimoire of daily survival. To complement these texts are my present thoughts on the subject of magical dynamism, which is my fancy way of saying Chaos Magick. The book is also peppered with quotes, boasts, and challenges across the spectrum of life and magick. Who Are You? Obviously Seth Cardorra is not my real name, though for the purpose of this book, my name is not important. My life experiences and continued magical study have helped to enrich the works I have previously penned, and this edition is the best way to share. DO IT NOW, MAKE IT EPIC.
