"In a world of limitless technology, we are more connected than ever before, but our hyper-connected lifestyles threaten our ability to know ourselves and meaningfully interact with each other. *Everyday Ambassador* offers a solution to this disconnectivity paradox--reflections, everyday examples, and tools that anyone can use every day and everywhere to maximize technology's capacity for social change. With an emphasis on the core values of focus, empathy, humility, and patience, *Everyday Ambassador* demonstrates that the power of technology is not in the tool but in the intention of the person using it. Everyday ambassadorship is a process that starts from the inside out and serves our countries, cities, communities, and even our own homes. Changing ourselves is the necessary first step to changing the world"--

The Faith that God Built series by Gary Bower uses the same whimsical style of storytelling as *The House that Jack Built*, using rhyme to introduce preschoolers through second graders to favorite Bible stories. Gary has a well-developed talent for creating engaging narratives that also teach biblical truth through rhyme. In *Patch on the Peak of Ararat*, Noah follows God's plan, resulting in his rescue from destruction.

We lived on a bunk built for four but in times of overcrowding, it slept seven and at times even eight. There was so little space on the berth that when one of us wanted to ease his hip, we all had to turn in a tangle of legs and chests and hollow bellies as if we were one many-limbed creature, a Hindu god or a centipede. We grew intimate not only in body but also in mind because we knew that though we were not born of one womb, we would certainly die together. Alex Ehren is poet, a prisoner, and a teacher in block 31 in Auschwitz- Birkenau, also known as the Children's Block. He spends his days trying to survive and illegally giving lessons to his young charges, all while shielding them as best he can from the impossible horrors of the camp. But trying to teach the children is not the only illicit activity that Alex is involved in. Alex is keeping a diary...

Otto Skorzeny, Germany's top commando in the Second World War, is one of the most famous men in the history of special forces. His extraordinary wartime career was one of high risk and adventure and here he tells the full story. Skorzeny quickly proved his worth in Yugoslavia and then Russia. In 1942 he was awarded the Iron Cross, and in April 1943 he was promoted to captain and named "Chief of Germany's Special Troops, Existing or to be Created in the Future." When Mussolini was imprisoned in Italy in 1943, it was Skorzeny who successfully led the daring glider rescue, winning the Knight's Cross and promotion as a result. Skorzeny's talents were brought into play again when he was sent to Budapest to stop the Hungarian regent Admiral Horthy from signing a peace with Stalin in 1944. Now dubbed "the most dangerous man in Europe" by the Allies he was awarded the German Cross in Gold. A few months later he took a critical role in the Ardennes offensive with a controversial plan to raise a brigade disguised as Americans with captured Sherman tanks. His captured colleagues spread a false rumor that he was planning to assassinate Eisenhower, who was consequently confined to his headquarters under guard for protection. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

In the early decades of the twentieth century, almost everyone in modern theater, literature, or film knew of Otto Kahn (1867-1934), and those who read the financial press or followed the news from Wall Street could scarcely have missed his name. A partner at one of America's premier private banks, he played a leading role in reorganizing the U.S. railroad system and supporting the Allied war effort in World War I. The German-Jewish Kahn was also perhaps the most influential patron of the arts the nation has ever seen: he helped finance the Metropolitan Opera, brought the Ballets Russes to America, and bankrolled such promising young talent as poet Hart Crane, the Provincetown Players, and the editors of the Little Review. This book is the full-scale biography Kahn has long deserved. Theresa Collins chronicles Kahn's life and times and reveals his singular place at the intersection of capitalism and modernity. Drawing on research in private correspondence, congressional testimony, and other sources, she paints a fascinating portrait of the figure whose seemingly incongruous identities as benefactor and banker inspired the New York Times to dub him the "Man of Velvet and Steel."

SS-Obersturmbannführer Otto Skorzeny became a legend in his own time. 'Hitler's favourite commando' acquired a reputation as a man of daring, renowned for his audacious 1943 mission to

extricate Mussolini from a mountain-top prison. Skorzeny's influence on special operations doctrine was far-reaching and long-lasting - in 2011, when US Navy SEALs infiltrated Pakistan to eliminate Osama Bin Laden, the operational planning was influenced by Skorzeny's legacy. Yet he was also an egoist who stole other men's credit (including for the seminal rescue of Mussolini), brave and resourceful but also an unrepentant Nazi and a self-aggrandizing hogger of the limelight. Stuart Smith draws on years of in-depth research to uncover the truth about Skorzeny's career and complex personality. From his background as a student radical in Vienna, to his bloody service with the Waffen-SS on the Eastern Front, his surprise rebirth as a commando, and his intriguing post-war career and mysterious fortune, this book tells Otto Skorzeny's story in full - warts and all - for the first time.

"Up to the last moment, his overwhelming, despotic authority aroused false hopes and deceived his people and his entourage. Only at the end, when I watched the inglorious collapse and the obstinacy of his final downfall, was I able suddenly to fit together the bits of mosaic I had been amassing for twelve years into a complete picture of his opaque and sphinx like personality. If my contemporaries fail to understand me, those who came after will surely profit from this account."—Otto Dietrich
When Otto Dietrich was invited in 1933 to become Adolf Hitler's press chief, he accepted with the simple uncritical conviction that Adolf Hitler was a great man, dedicated to promoting peace and welfare for the German people. At the end of the war, imprisoned and disillusioned, Otto Dietrich sat down to write what he had seen and heard in twelve years of the closest association with Hitler, requesting that it be published after his death. Dietrich's role placed him in a privileged position. He was hired by Hitler in 1933, was his confidant until 1945, and he worked—and clashed—with Joseph Goebbels. His direct, personal experience of life at the heat of the Reich makes for compelling reading.

From 1943 until his death in December 1945, Austrian sociologist Otto Neurath worked tirelessly on numerous versions of an innovative visual autobiography entitled *From Hieroglyphics to Isotype*. Now, sixty-five years later, comes the first publication of his full text, carefully edited from the original manuscripts. This edition highlights the important role visual material played in Neurath's life—from his earliest years to his professional work on the Isotype picture language. This engaging and informal account gives a rich picture of Central-European culture around the turn of the twentieth century, seen through the eyes of Neurath's insatiable intelligence, as well as a detailed exposition of the technique of Isotype. *From Hieroglyphics to Isotype* includes an appendix showing examples from Neurath's extensive collection of visual material.

A Land of Big Dreamers A&C Black

Cataclysmic events, some representing life's most grievous tragedies, have struck Otto Rieke's family. Tragedy and grief, viewed retrospectively, have rendered the subsequent glory of life all the more glorious. Life would have been unlivable, and this book unreadable, were they a mere cosmic pity party. After enduring a full circle along the rim of hell on Earth; and having survived almost in tact, hopefully this book will portray the Riekes' ascension to the glory that has been most of the family's, and Otto's own precarious existence on planet Earth. The author's essentially privileged, fulfilling, and competitive existence (prior to the anguishing events of mid-life), are narrated fully from birth with a comedic flair, and did prepare him for the survival of the really "tough stuff". The Rieke's did not just endure it all, but have thrived, and have ascended time and again. Life continues as a search for the ultimate Truth, and for the Glory that is only God's to possess completely. The family lives to seek its share of that glory. It is Otto's hope that this book is fun and non-controversial. He has attempted to accomplish that by staying on topics about which he claims expertise: politics, religion, and sex. If anything he says offends you, then you need to, either: 1. Repent, OR, 2. Sue him He apologizes only to those who were not offended, but who should have been. The author further hopes that you take the "slight" as it was intended, and hurt all the more. However, seriously, it is also hoped that this book is as entertaining as the exuberant feeling that its writing experience has given Otto. Family is who the Rieke's are. Family is the root of our society, and the family home is the first and most important school that our children will forever attend. Our parents are the first and the most important teachers that our children will forever have. Otto's stunning, wonderful wife of an earlier twenty five years, and of such unpretentious beauty, Mary

Beth, and Otto raised five absolutely beautiful children, all of whom have encountered life very successfully. They are successful most of all by being good and loving people, as well as in all their spiritual, academic, athletic, personal, and professional endeavors. All of the Rieke children graduated from St Peters Catholic grade school, and local high schools, Rockhurst, St Teresa's, and Notre Dame de Sion, all of which are in Kansas City, Mo. They and their spouses subsequently have graduated from various universities, including Rockhurst University, Central Missouri State University, Tulsa University, Syracuse University School of Journalism, Missouri University Medical School, St Louis University, The Medical School of Washington University in St Louis, Dartmouth College Medical School, and finally a post residency Fellow at the Harvard School of Medicine. The Rieke children, including their respective spouses are blessed beyond what would seem possible all in one family. The calamities referred to above, and subsequent grief, have chronologically seemed to coincide with - and maybe have been the genesis of, a subsequently inspired inner spiritual strength - indeed an almost supernatural strength to survive. Persistent strings of well earned successes at all personal levels of character, and by all worldly measure, might well be rooted in the strength of the Riekes' souls to survive. The family members have ascended to new lives with the strength to carry on, to love, and indeed to thrive. That, and the author's love relationships with them all, is the grandeur, the glory, of this book. No names have been changed to protect the innocent; there are none. Otto has an unparalleled flair to entertain, and to tell riveting stories with great passion. He will seize your very soul. If you can remain calmly seated while reading this book, then it is a failure. Get ready for the ride.
