Manifestation - The Secrets to Life Transformation & Self Discovery Many of us are beginning to realize that to get more out of life, we first have to become more. As the powerful Law of Attraction states 'like attracts like'. For this reason self-development and motivation is becoming an increasingly important part of our lives. Just as regular exercise enables us to enjoy the physical side of life. Self-help and personal development can help us find longer lasting fulfillment and happiness. Most of us take the path to self-development once we become tired of our current state of affairs. Maybe we don't have our dream partner, or our career sucks, perhaps we have little financial freedom or feel depressed and unhappy. Whatever the external symptoms are, we can begin to remedy these and get more of what we want by learning to Manifest the potential which lies within each and every one of us. The good news is that the personal transformation we seek is available to everyone who desires it. But the right steps need to be taken to make sure we reach this place in the right way. Just as a caterpillar transforms itself into a magnificent butterfly through an inner manifestation, we humans can undergo a similar experience ourselves. This book contains the secrets I have discovered after many years of trial and error in trying to improve my own life. It's cuts out the non-relevant parts and presents you with the things which really matter, so that you too can begin implementing these secret ideas to your life immediately. This title Manifestation includes - Discovering your purpose and meaning in life Creating the best you! Accessing your true potential How to transform your inner and outer reality (Law of attraction) Living from a brand new paradigm Secrets of manifesting This book outlines the systematic steps you need to take in order to blossom into the greatest version of yourself. This title uses the analogy of how a caterpillar transforms into a butterfly while drawing parallels with how humans can achieve a similar transformation. It is also supported and backed-up with anecdotes from some of the greatest thinkers throughout human history. I urge you to find the courage to change your life and pick up a copy of this book today.

Vivia is a hag, one of the last of her race, and can die, visit the underworld and return at will. She has a job she loves-helping London's most vulnerable supernaturals, even if her colleague Malcolm drives her round the bend on a daily basis. Then Malcolm is outed as a zombie and, along with his teenage son Ben, flees the police. When Malcolm is captured, he is only able to pass on one message before his dead brain degrades completely: 'He killed me.' As Ben remains missing, the police find decades-old corpses hidden near Malcolm's house, and Vivia begins to realise there's a lot more at stake than just a possible zompocalypse...

Book Two in the Secret Series AK Guru Prediction Consultancy

This book is written in the style of the great Napoleon Hill. Think about this. With all of the success books out there, why don't we have more successful people? Too many success books simply rehash conventional wisdom. The truly great success books, such as Napoleon Hill's "Think and Grow Rich", instead enable life-challenging success breakthroughs because they identify and describe in powerful detail the thinking patterns and principles of the world's most successful individuals. The only way to do this is to study the world's most successful individuals, as Napoleon Hill has done. And as I have done as well. For over two decades, I

have devoted myself to studying and interviewing the most successful individuals across varying fields so that I could see and learn for myself the principles which sets them apart in terms of their success. And that is what I share with you here. Get ready to throw out many of the things that you thought you knew about success. Let's start at the beginning with a simple truth. Success is hard. Very Hard. Very very very hard. We all know that, once we have had a little bit of experience and are honest with ourselves. We all want to be more successful, but let's face it, sometimes we just don't know how. It's because, as they say, "We don't know what we don't know." So we make the same mistakes over and over again (often without fully realizing it until later). And then we blame ourselves (or others) in regard to why things didn't turn out as we had hoped, or planned. It's this simple. If you want to increase your level of success, read this book. We all go through the same struggles. This book simply but powerfully - is your instruction manual on how to overcome them. Read this book and in 60 days you won't even recognize the person you used to be. And neither will your family and friends. This is the type of change that allows you to get the things you really want in life. The things previously outside your reach. The things you saw others gain and achieve, but never seemed to be able to get for yourself. That can change today. We all know that a few better ideas can accelerate one's success substantially. Successful people take their better ideas and know how to leverage them further - and execute them better than other people do. Once you understand the processes that successful people utilize to do this, you can very quickly ramp up your own success as well. Everybody struggles. Successful people struggle just like unsuccessful people but they learn and use the success principles to overcome the difficulties in their lives to reach their goals. Success breeds confidence, making it easier overtime. If you don't want to keep making the same mistakes over and over again, you need to understand and understand well what these success principles are. That is what this book provides to you.

From Trigram to Hexagram to Geometry to Pyramid Blueprints. What was I Ching before its enduring life as an oracle? When Jody Milner set out on her quest to solve King Wen's puzzling arrangement of the 64 hexagrams, she did not expect to find a lost mathematical system which also seems to be a blueprint for ancient pyramids. She was amazed and completely surprised to find an intricate binary code for an ancient geometric system. Within this geometry, she also discovered the angles for the Great Pyramid of Giza. The sixty-four hexagrams represent an intricate and high level of skill in binary coding combined with a sophisticated comprehension of mathematics, geometry and pyramid blueprinting. Additionally, and perhaps most awe inspiring, the entire system is neatly packaged into an eight trigram, binary pictograph. This book is not another interpretation of the oracle. It is I Ching Secrets Revealed.

Secrets of the I Ching Taylor & Francis

THE Translation of this venerable Piece of Antiquity is undertaken upon a double Score; being designed as well to entertain the Curiosity of the Learned, as to supply the Defects of the Ignorant. If the original Language would have been more acceptable to the one, it would have been less intelligible to the other. I cannot, without uttering a Falsity, venture to affirm that so singular and valuable a Piece will be made Public, at least as yet: And in the mean Time I shall flatter myself, that this little Essay may contribute in some sort or other to the diversion, if not Instruction, of People in every Condition of Life. If this is well received, the other Parts will make their Appearance at proper Distances of Time. I publish no more at present, because I would not be thought to impose too much upon any one's Patience; as for losing my own Labour, I am under no bad Apprehensions about that; for the Reader cannot reject with a greater Disdain, than I have translated with Pleasure, the Contents of this Book.
