MACIAS CANTRELL

Tao Te Ching Tao Te Ching Persona
 For nearly two generations, this translation of the Tao Te Ching has been the standard for those seeking access to the wisdom of Taoist thought. Now Jane English and her long-time editor, Toinette Lippe, have refreshed and revised the translation, so that it more faithfully reflects the Classical Chinese in which it was first written, while taking into account changes in our own language and eliminating any lingering infelicities. This beautiful oversized edition features over a hundred new photographs by Jane English that help express the vast spirit

of the Tao. Also included is an introduction by the well-known writer and scholar of philosophy and comparative religion, Jacob Needleman. Lao Tsu's philosophy is simple: Accept what is in front of you without wanting the situation to be other than it is. Study the natural order of things and work with it rather than against it, for to try to change what is only sets up resistance. Nature provides everything without requiring payment or thanks. It does so without discrimination. So let us present the same face to everyone and treat them all as equals, however they may behave. If we watch carefully, we will see that work proceeds more quickly and

easily if we stop "trying," if we stop putting in so much extra effort, if we stop looking for results. In the clarity of a still and open mind, truth will be reflected. Te—which may be translated as "virtue" or "strength"—lies always in Tao meaning "the way" or "natural law." In other words: Simply be.

This classic work of Chinese mysticism was written over 2500 years ago. Its author was Li Er, an enlightened sage and

scholar known to the world as Lao Tzu (Venerable Master), who espoused a philosophy of the Way, or 'Tao': a method of non-striving existence, an effortless 'going with the flow'. Poetic, Humorous, Wise, Deep-hearted, and at times frustratingly enigmatic, the 'Tao Te Jing' is required reading for any student of mysticism and philosophy. It is also the perfect antidote to our contemporary materialist culture of acquisition and self-aggrandisement.

Tao Te Ching (DAO de Jing): Lao Tzu's Book of the Way (Aziloth Books)

CreateSpace

An enduring translation of a timeless work, now in a new edition. The Tao Te Ching of Lao Tzu is one of the most widely read and deeply cherished books in the world, a work many consider the wisest book ever written. In his introduction, translator Brian Browne Walker says, "It is less a book than a living, breathing

angel." Brian Browne Walker's is one of the few modern English versions to be translated directly from the original Chinese. In his translation, Walker stays close to the direct literal accuracy of the Chinese characters while producing a modern, exceptionally clear version that has the ring and voice of Lao Tzu, a man who may or may not have been a single individual. "I have come to think of Lao Tzu less as a man who once lived," Walker writes, "and more as a song that plays, eternal and abiding."

The Way and Its Power OUP Oxford

'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial

Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a

more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context.

Tao Te Ching (The Way) by Lao-Tzu Nmd Books

Tao Te Ching translates very roughly as "the way of integrity". In its 81 verses it delivers a treatise on how to live in the world with goodness and integrity: an important kind of wisdom in a world where many people believe such a thing to be impossible. Taosim affirms that each human being is a reflection of the whole universe, a microcosm within the macrocosm, and that all of us live under the same cosmic laws of the Tao. The Taoist follows the path of non-action (Wu Wei), flowing with the constantly changing stream of life, and

trying to live in universal harmony and balance. The easily assimilated aphorisms in this great book are a continuous source of spiritual guidance and nourishment, and its insights on statesmanship are practical guides for our own time. Ralph Alan Dale's brilliant translation uniquely captures, as never before, the essential meaning of this profound text, and makes it entirely relevant to today's readers.
